## **11. Procedures for Responding to Specific Online Concerns**

### **11.1 Online sexual violence and sexual harassment between children**

Headteachers, managers and DSLs may find it helpful to access Childnet's online sexual harassment guidance:

[www.childnet.com/resources/step-up-speak-up/guidance-and-training-for-schools-and-professionals](http://www.childnet.com/resources/step-up-speak-up/guidance-and-training-for-schools-and-professionals)

- Our Headteacher, DSL and appropriate members of staff have accessed and understood the DfE "Sexual violence and sexual harassment between children in schools and colleges" (2018) guidance and part 5 of 'Keeping children safe in education' 2019.
- Full details of our response to peer on peer abuse, including sexual violence and harassment can be found in our child protection policy.
- The Judd School recognises that sexual violence and sexual harassment between children can take place online. Examples may include;
  - Non-consensual sharing of sexual images and videos
  - Sexualised online bullying
  - Online coercion and threats
  - 'Upskirting', which typically involves taking a picture under a person's clothing without them knowing, with the intention of obtaining sexual gratification, or causing the victim humiliation, distress or alarm. It is a criminal offence
  - Unwanted sexual comments and messages on social media
  - Online sexual exploitation
- We will respond to concerns regarding online sexual violence and sexual harassment between children, regardless of whether the incident took place on our premises or using our equipment.
- If made aware of any concerns relating to online sexual violence and sexual harassment, we will:
  - immediately notify the DSL (or deputy) and act in accordance with our child protection and anti-bullying policies.
  - if content is contained on learner's personal devices, they will be managed in accordance with the DfE 'searching screening and confiscation' advice..
  - provide the necessary safeguards and support for all learners involved, such as implementing safety plans, offering advice on blocking, reporting and removing online content, and providing appropriate counselling/pastoral support.
  - implement appropriate sanctions in accordance with our behaviour policy.
  - inform parents and carers, if appropriate, about the incident and how it is being managed.

- If appropriate, make referrals to partner agencies, such as Children’s Social Work Service and/or the police.
- If the concern involves children and young people at a different educational setting, the DSL will work in partnership with other DSLs to ensure appropriate safeguarding action is taken in the wider local community.
- If a criminal offence has been committed, the DSL (or deputy) will discuss this with the police first to ensure that investigations are not compromised.
- review the handling of any incidents to ensure that best practice was implemented, and policies/procedures are appropriate.
- The Judd School recognises that internet brings the potential for the impact of any sexual violence and sexual harassment concerns to extend further than the local community, and for a victim or alleged perpetrator to become marginalised and excluded by online communities.
- The Judd School recognises the potential for repeat victimisation in the future if abusive content continues to exist somewhere online.
- To help minimise concerns, The Judd School will ensure that all members of the community are made aware of the potential social, psychological and criminal consequences of online sexual violence and sexual harassment by implementing a range of age and ability appropriate educational methods as part of our curriculum. Identify resources or curriculum policies as appropriate.
- We will ensure that all members of the community are aware of sources of support regarding online sexual violence and sexual harassment between learners.

## **11.2 Youth produced sexual imagery (“sexting”)**

- The Judd School recognises youth produced sexual imagery (also known as “sexting”) as a safeguarding issue; all concerns will be reported to and dealt with by the DSL (or deputy).
  - We will follow the advice as set out in the non-statutory UKCIS guidance: ‘Sexting in schools and colleges: responding to incidents and safeguarding young people’ and the local KSCMP guidance: “Responding to youth produced sexual imagery”. Kent settings should note that KSCMP is currently in a transition phase and web site details will be amended in September 2019. Settings will need to ensure links are updated.
- Youth produced sexual imagery or ‘sexting’ is defined as the production and/or sharing of sexual photos and videos of and by young people who are under the age of 18. It includes nude or nearly nude images and/or sexual acts.
- It is an offence to possess, distribute, show and make indecent images of children. The Sexual Offences Act 2003 defines a child, for the purposes of indecent images, as anyone under the age of 18.
  - The Judd School will ensure that all members of the community are made aware of the potential social, psychological and criminal consequences of creating or sharing youth produced sexual imagery by implementing preventative approaches, via a range of age and ability appropriate educational methods..
  - We will ensure that all members of the community are aware of sources of support regarding the taking and sharing of youth produced sexual imagery, when this becomes necessary.
  - We will respond to concerns regarding youth produced sexual imagery, regardless of whether the incident took place on site or using setting provided or personal equipment.
  - We will not:
    - view any suspected youth produced sexual imagery, unless there is no other option, or there is a clear safeguarding need or reason to do so.
    - If it is deemed necessary, the imagery will only be viewed where possible by the DSL, and any decision making will be clearly documented.

- send, share, save or make copies of content suspected to be an indecent image/video of a child (i.e. youth produced sexual imagery) and will not allow or request learners to do so.

  - act in accordance with our child protection policies and the relevant local procedures.
  - ensure the DSL (or deputy) responds in line with the UKCIS and KSCMP guidance.
  - store any devices containing potential youth produced sexual imagery securely
  - If content is contained on learners' personal devices, they will be managed in accordance with the DfE 'searching screening and confiscation' advice.
  - If a potentially indecent image has been taken or shared on our network or devices, we will act to block access to all users and isolate the image.
  - carry out a risk assessment in line with the UKCIS and KSCMP guidance which considers the age and vulnerability of learners involved, including the possibility of carrying out relevant checks with other agencies.
  - inform parents/carers about the incident and how it is being managed and provide support and signposting, as appropriate.
  - make a referral to Children's Social Work Service and/or the police, as deemed appropriate in line with the UKCIS and KSCMP guidance.
  - provide the necessary safeguards and support for learners, such as offering counselling or pastoral support.
  - implement appropriate sanctions in accordance with our behaviour policy but taking care not to further traumatise victims where possible.
  - consider the deletion of images in accordance with the UKCIS guidance.
  - Images will only be deleted once the DSL has confirmed that other agencies do not need to be involved and are sure that to do so would not place a child at risk or compromise an investigation.
  - review the handling of any incidents to ensure that best practice was implemented; the leadership team will also review and update any management procedures, where necessary.

### **11.3 Online abuse and exploitation (including child sexual abuse and sexual or criminal exploitation)**

- We will ensure that all members of the community are aware of the support available regarding online child abuse and exploitation, both locally and nationally, when an incident occurs.
- We will ensure that the 'Click CEOP' report button used to report online child sexual abuse is visible and available to learners and other members of our community.
- If made aware of an incident involving online child abuse and/or exploitation, we will:
  - act in accordance with our child protection policies and the relevant KSCMP procedures.
  - store any devices containing evidence securely.
  - If content is contained on learners' personal devices, they will be managed in accordance with the DfE 'searching screening and confiscation' advice.

- If any evidence is stored on our network or devices, we will act to block access to other users and isolate the content.
- if appropriate, make a referral to Children’s Social Work Service and inform the police via 101, or 999 if a learner is at immediate risk.
- carry out a risk assessment which considers any vulnerabilities of learner(s) involved, including carrying out relevant checks with other agencies.
- inform parents/carers about the incident and how it is being managed and provide support and signposting, as appropriate.
- provide the necessary safeguards and support for learners, such as, offering counselling or pastoral support.
- review the handling of any incidents to ensure that best practice is implemented; leadership team will review and update any management procedures, where necessary.
- We will respond to concerns regarding online abuse and exploitation, regardless of whether the incident took place on our premises or using setting provided or personal equipment.
- Where possible and appropriate, learners will be involved in decision making. If appropriate, they will be empowered to report concerns themselves with support, for example if the concern relates to online sexual abuse via CEOP: [www.ceop.police.uk/safety-centre/](http://www.ceop.police.uk/safety-centre/)
  - If we are unclear whether a criminal offence has been committed, the DSL (or deputy) will obtain advice immediately through the Education Safeguarding Service and/or police.
  - If made aware of intelligence or information which may relate to child sexual exploitation (on or offline), it will be passed through to the police by the DSL (or deputy).
  - If members of the public or learners at other settings are believed to have been targeted, the DSL (or deputy) will seek advice from the police and/or the Education Safeguarding Service before sharing specific information to ensure that potential investigations are not compromised.

#### **11.4 Indecent Images of Children (IIOC)**

- Judd School will ensure that all members of the community are made aware of the possible consequences of accessing Indecent Images of Children (IIOC) as appropriate to the age and ability.
- We will respond to concerns regarding IIOC on our equipment and/or personal equipment, even if access took place off site.
- We will seek to prevent accidental access to IIOC by using an Internet Service Provider (ISP) which subscribes to the Internet Watch Foundation (IWF) block list and by implementing appropriate filtering, firewalls and anti-spam software.
- If we are unclear if a criminal offence has been committed, the DSL (or deputy) will obtain advice immediately through the police and/or the Education Safeguarding Service.

  - act in accordance with our child protection policy and the relevant KSCMP procedures.
