31st January 2025

To all our dear friends,

Further to our Christmas update letter that we sent with our card just a month or so ago, unfortunately I have to write to you again.

It is with a heavy heart that I must inform you that in the last couple of weeks John's health took a turn for the worse, and it is with deep sadness that I have to let you know that on Wednesday 29th January in the afternoon my loving husband passed peacefully away.

I will write again when I have further details of the funeral arrangements etc. but thought that as close friends I would let you know what has happened.

Love Jean
