

5th May 2017

Dear Parents,

Year 10 Geography Fieldwork – Fairlight, East Sussex

As part of the Year 10 Geography GCSE course your son will be taking part in some compulsory coastal fieldwork activities on Tuesday 23rd May, Wednesday 24th May or Thursday 25th May. This will then involve using the data and observations in follow-up work after half term. One class will go each day as follows:

Tuesday 23 rd May	10G (Mr. Southall's class)
Wednesday 24 th May	10H (Miss Yarham's class)
Thursday 25 th May	10F (Mr. Taylor's class)

We will be leaving school at 9.00am after registration and returning by 3.45pm.

Transport will be by coach to Fairlight, Sussex, for which a voluntary contribution of **£14.00** is requested, **payable via Joinos by Friday 12th May**. Should financial difficulties preclude your contribution please write in confidence to the School Business Manager, Clare Morey (cmorey@judd.kent.sch.uk), as we do have the Lawrence Atwell charity fund that we can use for certain cases.

Students should not wear school uniform but will need to bring a clipboard and packed lunch and be prepared to work in adverse weather conditions. Should an emergency arise, the Group Leader can be contacted each day on 07725 306730.

Yours sincerely,

N A Southall
Head of Geography
