13<sup>th</sup> September 2016

Dear Parent or Guardian,

This year in DT, we will be using Khan Academy in class to personalise learning for all students in our Computing curriculum.

Khan Academy is a free online resource that allows students to learn anytime, anywhere, with material that is uniquely appropriate for them. Students can explore new topics and strengthen their computing by using interactive practice and tutorials. As students learn, their activity feeds into reports that show important information such as strengths and weaknesses in a particular concept. By using Khan Academy, I'll be able to provide a more personalised learning experience for your child.

As part of the learning experience we are required to set up student accounts we anticipate your full support and ask for your permission to set up an account on your sons' behalf. Please be assured that no personal information will be shared (including their full name). If you **do not** approve of your child participating in this program or have any concerns or questions, please contact Mr Reay, Head of DT directly at [freay@judd.kent.sch.uk](mailto:freay@judd.kent.sch.uk) before **Monday 19<sup>th</sup> September**.

If you want to see how your child is learning on Khan Academy, I encourage you to create your own Khan Academy account as well. You'll be able to see what your child is working on, and there's plenty of material on the site for you to learn anything you want, too. Simply go to [www.khanacademy.org](http://www.khanacademy.org) and click Sign Up to get your own account.
