

10th April 2017

Dear Parents/Guardians,

As part of the cricket programme this season we are looking to invest in the CricHQ scoring app and website (www.crichq.com). This will allow us to keep track of all data and statistics from every match and give up-to-date averages throughout the season, as well as giving a central location for match information and a facility to contact members of the team. The match statistics stored here will help to show the progress made during the season and give useful information for preparing coaching and training sessions. In addition, where staff have access to a device with 4G capabilities, match details can be updated live so that you can follow the game from home or work.

Every student who represents the school would be registered on the site with their initial and surname. However, as this is a third party site, it means that this information would be in the public domain so, if you would prefer this not to be used, we can provide a generic name (e.g. A. Judd1). Please do have a look at the site and then complete and return the reply slip below to me by Wednesday 19th April.

If you have any questions, please contact me at rrichardson@judd.kent.sch.uk.

Yours faithfully,

Ralph Richardson
Leader of Co-Curriculum
Master i/c Cricket; Squash
Teacher of Chemistry
Second in Department
